

Bigbee Steel Buildings, Inc.

2705 Avalon Ave.

PO Box 2314

Muscle Shoals, AL 35661

DRAFTING DETAILER TRAINEE POSITIONS AVAILABLE.

Since 1962, Bigbee Steel Buildings, Inc. has been satisfying the needs of a diversified group of customers in the Southeastern United States with the design and fabrication of custom engineered building systems & components. From large award-winning commercial and industrial complexes to small shops and backyard storage buildings, we have done it all.

Primary Position Responsibilities Are:

- Preparing shop fabrication drawings and construction, approval or permit drawings, and bill of materials for Pre-Engineered Metal building systems.
- Utilizes contracts, architectural drawings, and engineered designs to provide our customers with timely, accurate, and quality buildings.
- Depending on experience and abilities, may be called upon to check the work of lesser experienced detailers.

Position Qualifications Are:

- Must be computer literate.
- Functional AutoCAD proficiency.
- Microsoft Excel experience is a plus.
- Good communication skills and the ability to work in a team environment.
- Viable transportation is required.
- Must be able to pass a drug screen.
- Must be within salary range.
- Produce neat, accurate, easy-to-follow fabrication documents that follow the design calculations and are within manufacturing limitations.
- Produce neat and accurate permit, approval and erection drawings that adhere to the requirements of the purchase order.
- Maintain a schedule that often has late-addition requirements or changes in priority.
- Communicate with members of the team to assure quick disposition of problems.
- Continually improve productivity, accuracy and ability in order to expand expertise.
- Work extra hours and weekends as required by business need.
- Responsible for providing and/or receiving back checking comments as an integral part of growth & training.

Bigbee Steel Buildings, Inc. offers competitive salary, benefits (group health & dental), 401(k), paid vacation and a team oriented working environment.
